Attention: Property Management Division Procurement Authorities

Re: Response to Request for Qualifications RFQ-2024-7-3801 – Third Intake -
Consultant Services for Building Development.

We are pleased to advise you that the following firms have been successful in achieving the minimum threshold in both stages of this procurement for placement on the Prequalification List (PQL) for Consultant Services for Building Development in the Areas(s) of Expertise Listed below.

Supplier	Area(s) of Expertise
David Nairne & Associates Ltd.	Structural Engineering
EnerSys Analytics Inc.	Building Energy Audits
Green PI	Building Energy Audits
M3mechanicals	Mechanical Engineering
Northern Project	Project Management
Pinchin Ltd.	Hazardous Building Materials Assessment
Uphill Engineering	Mechanical Engineering Commissioning
McCuaig & Associates	Electrical Engineering Mechanical Engineering Building Assessment Building Energy Audits
FPS Engineering	Mechanical Engineering

The term of the PQL is **December 1, 2022 to December 1, 2025**.

This PQL may be used by all Departments and Government Corporations as defined in the Government of Yukon's General Administration Manual – Procurement Policy 2.6.

Your firm's placement on this PQL is valid until December 1, 2025. There will not be another intake for this list.

A reminder that this is a stage-one procurement and the establishment of this PQL will not result in any contract or obligation to offer or enter into a contract. Future stage-two

procurements may be issued in accordance with the terms and conditions stated in the original Request for Qualifications. The Government of Yukon standard Consultant Services Agreement will constitute the only and entire agreements between the Parties with respect to any stage-two procurement through the PQL, and will supersede all prior representations, negotiations, communications, responses, proposals, and other agreements (whether written or oral).

For information regarding this PQL or all future stage-two procurements please contact Capital Development's Procurement Specialist, Malanka.Topper@Yukon.ca

Should you require further information regarding the evaluation of your response please do not hesitate to contact the undersigned for a proposal debrief. Thank you for your response to the RFQ and on-going patience during the extended evaluation process.

Sincerely,

Malanka Topper
